THE RECEIVER’S EIGHTEENTH STATUS REPORT TO THE COURT

Melanie L. Cyganowski, the duly appointed Receiver (the “Receiver”) of Platinum Credit Management, L.P., Platinum Partners Credit Opportunities Master Fund LP,¹ Platinum Partners Credit Opportunities Fund (TE) LLC, Platinum Partners Credit Opportunities Fund LLC, Platinum Partners Credit Opportunities Fund (BL) LLC, Platinum Liquid Opportunity Management (NY) LLC, Platinum Partners Liquid Opportunity Fund (USA) L.P., Platinum Partners Liquid Opportunity Master Fund L.P., Platinum Partners Credit Opportunities Fund International Ltd. and Platinum Partners Credit Opportunities Fund International (A) Ltd. (collectively, the “Receivership Entities,” the “Platinum Entities” or “Platinum”), by her undersigned counsel, hereby submits this Eighteenth Status Report, covering the period from October 1, 2021 through and including December 31, 2021 (the “Reporting Period”).

¹ Platinum Partners Credit Opportunities Master Fund LP and its feeder funds are collectively referred to herein as “PPCO” or “PPCO Funds” and Platinum Partners Liquid Opportunity Master Fund L.P., and its feeder funds are collectively referred to as “PPLO” or “PPLO Funds”.

This quarterly status report is being filed in accordance with the requirements of the Second Amended Order Appointing Receiver (the “Receiver Order”), entered on October 16, 2017 by the District Court for the Eastern District of New York (the “Court”). [Dkt. No. 276].

I. PRELIMINARY STATEMENT

During the Reporting Period, the Receiver and her team² (i) addressed objections to the Receiver’s determinations regarding claims filed in the receivership case (the “Receivership”) and filed an omnibus objection to certain of the remaining unresolved claim objections; (ii) worked with investors to reconcile any differences regarding the Receivership’s record of investors’ holdings; (iii) monitored and exercised rights as a creditor in the personal bankruptcy case of Mark Nordlicht (“Nordlicht”), including the pursuit of the objection to discharge action filed by the Receiver against Nordlicht; (iv) finalized the settlement of the litigation commenced by the Receiver to enforce her interests with respect to the Receivership’s interests in Decision Diagnostics; and (v) addressed inter-estate issues between the Receivership Entities and the joint liquidators for Platinum Partners Value Arbitrage Fund L.P. (together with its feeder funds, “PPVA” or “PPVA Funds”) regarding common assets and the resolution of inter-estate claims.

As previously reported, certain of the settlements that the Receiver reached during the course of the Receivership are confidential. To preserve the confidentiality of these settlements, the Receiver advised that she would not disclose and will not be disclosing details of *any* settlements, including the identity of the settling parties, the amounts agreed to be paid by such parties, whether such amounts are to be paid in structured payouts and over what period of time, and/or the source of any litigation-related funds received in any reporting period, unless such

² To assist her with her duties, the Receiver retained, with the approval of the Court (on July 21, 2017), Otterbourg P.C. (“Otterbourg”) as her legal counsel [Dkt. No. 231] and Teneo Company as her financial advisor [Dkt. No. 232] (“Teneo” (f/k/a Goldin) and, together with Otterbourg, the “Receivership Team”).

details are matters of public record by virtue of a motion for Court approval of such settlement or otherwise.

II. SUMMARY OF OPERATIONS OF THE RECEIVERSHIP

A. Appointment of Receiver and Duties

On December 19, 2016, the District Court entered an Order Appointing Receiver [Dkt. Nos. 6 and 16], which appointed Bart Schwartz as receiver (the “Prior Receiver”). At the time of his appointment, the Prior Receiver was serving as a monitor for the Platinum Entities.

On June 23, 2017, after six months, the Prior Receiver resigned and, upon the recommendation of the Securities and Exchange Commission (“SEC”), by Order dated July 6, 2017, Melanie L. Cyganowski was appointed as Receiver, effective immediately (*i.e.*, July 6, 2017), and ordered to assume all authority held by the Prior Receiver. [Dkt. No. 216].

Under the terms of the Receiver Order, the Receiver is, among other things, required to preserve the *status quo*, ascertain the extent of commingling of funds, ascertain the true financial condition of the Platinum Entities, prevent further dissipation of property and assets of those entities, prevent the encumbrance or disposal of property or assets of the Platinum Entities, preserve the books, records, and documents of the Platinum Entities, be available to respond to investors’ inquiries, protect investors’ assets, conduct an orderly wind down, including a responsible disposition of assets and an orderly and fair distribution of those assets, and determine whether one or more of the Receivership Entities should undertake bankruptcy filings.

B. Analysis and Disposition of Receivership Assets

There are currently four remaining assets that the Receiver continues to monitor, including assets in which the Receiver retained a residual interest and assets that are jointly held with PPVA that have potential value. The Receiver periodically is called upon to address certain post-closing matters with respect to certain assets that were previously sold as well as to respond

to various requests for documents and/or information. In addition, during the Reporting Period, the Receiver sought to resolve a litigation that she previously commenced to enforce her rights with respect to the Decision Diagnostics investment, as described further below.

During the current Reporting Period, the Receivership received \$13,283. This is in addition to the approximately \$87 million received by the Receivership since the date of the Receiver's appointment. Certain parties have asserted secured claims to all or part of the proceeds of such liquidated investments, most of which have been resolved pursuant to the settlement in the litigation with Beechwood or with Heartland Bank.

C. Investigation of Pre-Receivership Activities and Litigation

The Receiver previously settled substantially all claims in the Beechwood litigation. During the Reporting Period, the Receivership Team monitored, as necessary, the litigation that PPVA is pursuing against many of the same defendants. The litigation by PPCO itself, however, has ended.

D. Administrative Matters

During the Reporting Period, the Receiver and the Receivership Team continued to speak with various interested parties and groups, including the joint liquidators for PPVA,³ the SEC and Platinum investors and creditors. The Receiver also responded to certain document requests made by third parties. The Receiver updates the Receiver's website with key documents, answers to frequently asked questions and status reports to investors. The Receivership Team also filed and responded to other applications made before the Court and in other court proceedings involving Platinum, including with respect to the Nordlicht Bankruptcy Case

³ PPVA is the subject of insolvency proceedings pending in the Cayman Islands and a Chapter 15 bankruptcy proceeding in the U.S. Bankruptcy Court for the Southern District of New York.

(defined below) both in the Court and in the Bankruptcy Court in which the Nordlicht Bankruptcy is pending.

1. **PPVA**. Since the Receiver's appointment, she and the Receivership Team have kept in frequent communication with the Joint Liquidators for the PPVA Master Fund and the PPVA Feeder Fund and/or their staff to discuss issues of mutual interest. PPVA and PPCO have each analyzed and discussed potential claims against the estate of the other stemming from pre-Receivership transactions. Upon the Receiver's appointment, the Receiver and the Joint Liquidators agreed to hold the resolution of any such purported claims in abeyance during the cases. The Receiver has been engaged in discussions with the Joint Liquidators of PPVA regarding a resolution of purported claims and remaining assets of mutual interests, including their joint interest in Agera Energy LLC and Agera Holdings, LLC (collectively, "Agera").⁴ A resolution between the two estates is understandably complex, and the parties have taken time to consider a variety of issues. However, during the Reporting Period, the parties agreed to finalize the terms of a settlement, which is now close to final. The Receiver also continues to monitor the status and progress of the Agera Litigation and the China Horizon/Yellow River asset discussed below, both of which are held jointly with PPVA through PGS.

2. **Nordlicht Bankruptcy Case**. Nordlicht filed a Chapter 7 bankruptcy petition on June 29, 2020 in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"). The case was assigned to Judge Robert D. Drain and assigned Case No.

⁴ Agera is a retail energy service company. In June 2016, prior to the receivership, Principal Growth Strategy, LLC ("PGS"), which is owned 55% by PPVA and 45% by PPCO, sold a portion of its interests in Agera to certain entities affiliated and/or associated with Beechwood Re Investments LLC. Pursuant to their respective interests in PGS, both PPVA and PPCO agreed that PGS would pursue certain claims and causes of action relating to its ownership of a certain promissory note convertible into 95% of the common equity of Agera's subsidiary, energy reseller Agera Energy. In connection with such agreement, a complaint was filed in the Court of Chancery of the State of Delaware on June 7, 2019 against numerous defendants, including AGH Parent LLC, SHIP and CNO (the "Agera Litigation").

20-22782-rdd (the “Nordlicht Bankruptcy Case”). The Receiver has been monitoring and exercising rights as a creditor in the Nordlicht Bankruptcy Case. The Receiver previously filed a proof of claim on behalf of PPCO in the Nordlicht Bankruptcy Case, asserting a claim in the amount of not less than \$219 million. The claim is subject to review and objection by the Chapter 7 Trustee. It is uncertain, even if allowed in whole or in part, what recovery, if any, may be available from the Nordlicht Bankruptcy Case, which currently has extensive claims filed against it and has limited disclosed assets with which to satisfy those claims. Nordlicht previously filed a proof of claim against the Receivership Estate. That claim is now the property of Nordlicht’s bankruptcy estate and is under the control of the Chapter 7 Trustee to pursue. The Receiver continues to regularly engage in discussions with the Chapter 7 Trustee with respect to, among other things, resolution of the claims held by each against the other’s estate. During the Reporting Period, Nordlicht sought discovery of the Receiver with respect to the claim filed in the Nordlicht Bankruptcy Case. The Receivership Team is responding to the document request.

Additionally, following Nordlicht’s refusal to continue to toll the Receiver’s time to do so, to protect and preserve estate assets and causes of action that can be asserted by creditors against Nordlicht, the Receiver filed a complaint objecting to the discharge of Nordlicht (the “Discharge Complaint”). The Discharge Complaint, alleges, among other things, that Nordlicht knowingly and fraudulently made a false oath in the Nordlicht Bankruptcy Case by failing to list significant assets and financial transactions in his bankruptcy schedules, and concealed his property with the intent to hinder, delay, or defraud his creditors.

Following motion practice and decisions of the Bankruptcy Court and this Court (described in the Receiver’s prior Status Report), the Receiver prepared and filed a Motion for Leave to Amend the Discharge Complaint (the “Motion to Amend”) and drafted a proposed

Amended Complaint (the “Amended Complaint”). The Motion to Amend was filed with the Bankruptcy Court on August 24, 2021 and Nordlicht filed his Objection to the Motion to Amend on September 30, 2021. During the Reporting Period, the Receiver’s counsel prepared and filed a Reply Memorandum in support of the Motion to Amend. The Receiver also engaged in pre-trial meet and confer conferences and drafted a proposed pre-trial order. The Motion to Amend was heard on October 27, 2021 and the Bankruptcy Court granted the Receiver leave to file her proposed Amended Complaint with a minor modification.

If the Receiver is successful in the Discharge Complaint, the Receiver, and other creditors of Nordlicht, will be able to continue to assert claims against Nordlicht, and his assets, post-bankruptcy and will not be limited to a recovery from the assets of his bankruptcy estate. Further, as to claims asserted against the Receivership Estate for which Nordlicht and a Receivership Entity have alleged co-liability, a creditor’s ability to continue to recover against Nordlicht, if successful, may reduce the claims such creditor has asserted against the Receivership.

3. Obsolete Document Disposal. To reduce overhead expenses, the Receivership Team examined its document retention platforms, for which it pays regular fees, to reduce the amount of estate expenses. Following such review, on October 6, 2021, the Receiver filed a Motion for Authority to Discontinue the Preservation of Certain Receivership Estate Electronic and Hardcopy Records [Dkt. No. 590] (the “Obsolete Document Disposal Motion”). As set forth in the Obsolete Document Disposal Motion, since her appointment, the Receiver has maintained the integrity of the Receivership Entities’ books and records (in both hard copy and electronic form). At this point in the Receivership, however, the Receiver determined in her business

judgment, and in consultation with the Receivership Team, that the cost and risk of maintaining all of these books and records exceeded the benefit.

As a result, in the Obsolete Document Disposal Motion, the Receiver sought authority to dispose of certain obsolete and/or duplicative hardcopy and electronic material. Specifically, the Receiver sought to destroy approximately 460 boxes of pre- Receivership hardcopy documents and permanently delete and/or destroy certain electronic data and related media (collectively, the “Obsolete Materials”). The Obsolete Materials are either no longer necessary for the administration of the Receivership Estate and/or is duplicative of other information that will continue to be maintained on behalf of the Receivership Estate. All other documents, data and related media, including, but not limited to, the post- Receivership materials, will continue to be maintained in accordance with the Receivership Order, unless otherwise ordered by the Court.

The Court entered an order approving the Obsolete Document Disposal Motion on October 22, 2021. [Dkt. No. 593] Disposal of the Obsolete Materials will reduce the administrative costs associated with the continued preservation and maintenance of the Obsolete Materials, which are presently in the estimated amounts of \$32,000 per year and \$160,000 over five years. By comparison, the one-time cost to destroy the Obsolete Materials is approximately \$9,400, which would translate into a potential savings of \$22,600 per year and \$150,600 over five years. Prior to filing the Obsolete Document Disposal Motion, any parties with an interest were offered an opportunity to inspect the hardcopy materials. Otterbourg continues to engage with parties who would like access the hardcopy documents prior to their disposal.

4. Entity Dissolution. Prior to the Receivership, the Platinum Entities formed multiple special purpose vehicles (the “Subsidiaries”) to engage in investment transactions with counterparties. These Subsidiaries are majority or wholly owned by PPCO or PPLO. These

Subsidiaries are registered in Delaware and are required to pay annual franchise taxes and file paperwork with the state of Delaware. In preparation for the wind down of the estates, and as authorized by the Receivership Order, the Receiver with the assistance of Platinum's Chief Financial Officer periodically reviews the remaining Subsidiaries to identify Subsidiaries that no longer hold any assets. Certain of the Subsidiaries have already been dissolved and other Subsidiaries are in the process of being dissolved. The dissolution of these Subsidiaries and the elimination of Delaware franchise taxes and filing fees associated therewith, is most beneficial to the Receivership.

5. **Website and Investor Communications.** The Receiver retained Epiq to create and maintain the Receiver's website (www.PlatinumReceivership.com) and provide other services to the estate, including official communications with stakeholders. This website provides investors and other interested parties with, among other things, periodic status reports, access to court documents and answers to frequently asked questions. The Receiver revises the website as necessary to update the "Frequently Asked Questions" section and to add "key documents." The website allows interested parties to sign up to receive daily notices whenever there are new filings on the Receivership docket. The Receiver and the Receivership Team have attempted to respond to investor inquiries and continue to regularly respond and react to inquiries and requests for information.

6. **Criminal Trial.** Following the criminal trial of Nordlicht, David Levy and Joseph SanFilippo, the jury returned a verdict convicting Nordlicht and Levy of defrauding bondholders in Black Elk Offshore Operations LLC, but acquitting each of them on the remaining charges. SanFilippo was acquitted on all counts with which he was charged. The Court thereafter overturned the jury verdict with respect to Levy and ordered a new trial with

respect to Nordlicht. The Department of Justice appealed those decisions and on November 5, 2021, the Court of Appeals for the Second Circuit vacated the Court's order and remanded to the Court for further proceedings consistent with its decision. Following the decision, Nordlicht and Levy requested that the Second Circuit reconsider its decision and/or hear the appeal anew *en banc*, which requests were denied on December 29, 2021. As of the date hereof, the trial of Daniel Small is scheduled to commence in February 2022.

7. **SEC Meetings.** The Receiver has frequent communications with SEC staff to keep them apprised of ongoing matters as to which SEC input is appropriate, to alert them to certain filings by the Receiver and to keep the SEC apprised of the status of the claims process and wind down of the estate. The Receiver and the Receivership Team also have periodic communications with SEC personnel about pending matters before the Court and in the Nordlicht Bankruptcy Case for which SEC input was appropriate.

8. **Receivership Estate Oversight.** The Receiver and the Receivership Team also devoted time during the Reporting Period to the general oversight of the Platinum Entities and the estate. Conferences with the Receiver and members of the Receivership Team, via conference call or videoconference, occurred on a regular basis to facilitate the exchange of relevant information, including the status of certain assets being monitored, the claims process, the plan of distribution and other administrative matters. The Receiver maintained direct oversight over all legal and financial-related work being done by her Receivership Team. Otterbourg attorneys assisted the Receiver, along with assistance from Platinum's CFO and Teneo, in analyzing budget, cash management and other administrative issues of the Receivership estate. Otterbourg attorneys also responded to third party subpoenas and requests for documents during the Reporting Period.

III. CASH, EXPENSES AND UNENCUMBERED ASSETS

A schedule summarizing cash receipts and disbursements, as well as cash on hand for the Reporting Period, is set forth in the Schedule of Receipts and Disbursements attached hereto as **Exhibit A**.

As of December 31, 2021, the Receivership Entities had approximately \$19.4 million in funds. Certain parties have claimed an interest in certain sold assets and have asserted claims to a portion of the sale proceeds of such assets (as opposed to a general claim against the Receivership Entities). Other parties have presented documentation which purportedly grant them security interests in all or certain of Platinum's assets. These secured claims were challenged and have been substantially resolved pursuant to settlements in the Beechwood litigation.

Cash disbursements during the Reporting Period totaled \$1,324,698. This amount consisted of (i) \$1,097,922 in professional expenses; and (ii) \$226,775 in business asset expenses (primarily consisting of payroll and related expenses paid to Platinum employees, office rent, and payments to Epiq).

It is estimated that, as of December 31, 2021, accrued and unpaid administrative expenses amount to approximately \$5.25 million. This amount includes the estimate of fees and expenses that have been incurred by the Receiver, Otterbourg and Teneo during the Reporting Period and that will be requested in future applications, holdbacks for prior applications of the Receiver, Otterbourg and Teneo and holdbacks to the Prior Receiver's counsel (Cooley) with respect to its interim fee application. In addition to these unpaid administrative expenses, the Receiver paid remaining in-house Platinum staff and other operating expenses during the Reporting Period.

Cash receipts during the Reporting Period totaled \$13,283, consisting of interest and funds related to a pre-Receivership litigation settlement.

IV. RECEIVERSHIP PROPERTY

As of December 31, 2021, the primary assets of the estate (“Receivership Property”) consisted of the following:

- (i) Cash and cash equivalents of approximately \$19.4 million;
- (ii) Remaining stock and royalty interests, litigation financing and other miscellaneous investments; and
- (iii) Potential litigation claims.

A list of Receivership Property – namely, each asset of the PPCO and PPLO entities – is attached hereto as **Exhibit B**.⁵

The review of the assets in the Receivership’s asset portfolio is substantially complete. There are only a few remaining assets that the Receiver continues to monitor, including shared assets with PPVA that may have potential value to the Receivership Estate.

Below is an overview of certain assets in which the Receiver and the Receivership Team have focused on during the Reporting Period.

1. Decision Diagnostics – refers to Decision Diagnostics Corp. (“Decision Diagnostics”), a company that describes itself on its website as “a leading manufacturer of low cost home testing devices and test strips for use with legacy meters.” Despite that description, Decision Diagnostics announced in March 2020 that it had developed a COVID-19 test, causing its publicly-traded stock to jump in price and the SEC to institute a suspension in trading. On December 17, 2020, the United States Government unsealed an indictment of Decision Diagnostics’ CEO, Keith Berman, for securities and other fraud in connection with Decision Diagnostics’ purported COVID-19 testing capabilities. That same day, the SEC commenced a

⁵ The Receivership Property List has been updated to reflect realizations in the current quarter, as well as, corporate actions or events that resulted in a divestment or cancellation of the Funds’ interest in an investment.

civil enforcement action against Decision Diagnostics and Berman related to the same conduct. Decision Diagnostics' stock price is now trading at or near its pre-COVID-19 level.

Alpha Credit Resources LLC ("Alpha Credit"), a wholly-owned subsidiary of PPCO, holds certain common and preferred shares, convertible into common shares, in Decision Diagnostics. According to certain of its financial statements, Decision Diagnostics purported to cancel certain of Alpha Credit's shares in Decision Diagnostics (although Decision Diagnostics has provided any evidence that it actually cancelled those shares). Decision Diagnostics also took active steps to prevent the Receiver from liquidating Alpha Credit's shares, by, among other things, refusing to remove a restrictive legend from Alpha Credit's shares in Decision Diagnostics and refusing to convert Alpha Credit's preferred shares in Decision Diagnostics into common shares. Following Decision Diagnostics's refusal, for years, of the Receiver's repeated demands to restore, recognize and convert, as applicable, Alpha Credit's shares, on February 19, 2021, the Receiver initiated an action in the United States District Court for the Eastern District of New York to enforce her rights with respect to the Receivership's holdings in Decision Diagnostics. *See Melanie L. Cyganowski, as Receiver and Agent v. Decision Diagnostics, Inc.*, 2:21-cv-00888. The case was transferred to Judge Cogan.

In connection with the commencement of the litigation, the Receiver also prepared a motion for summary judgment, which it requested permission from the court to file. Parallel with the litigation, the Receiver also engaged in settlement discussions with Decision Diagnostics and reached a settlement in principle, subject to definitive documentation. Decision Diagnostics answered the Complaint on November 8, 2021. Pursuant to a discovery schedule ordered by the Court, the Receiver served document requests and interrogatories on November 22, 2021. The Receiver also filed an Amended Complaint on November 29, 2021. During the

Reporting Period, while the Receiver continued to negotiate certain key terms of the settlement, the Receiver reviewed Decision Diagnostics's answer to the Complaint, prepared the Amended Complaint, prepared requests for interrogatories and the production of documents from Decision Diagnostics, and participated in a status conference with the Court.

Ultimately, at the end of the Reporting Period, the parties finalized and executed a settlement agreement and a related leak-out agreement. The Receiver is in the process of taking steps to implement those agreements and conclude the litigation.

2. China Horizon/Yellow River – refers to an asset that is jointly held with PPVA through a company called PGS. PGS owns equity and debt interests in China Horizon and Yellow River—two companies created to build a chain of franchised convenience stores in rural China. The promissory note from China Horizon held by PGS has a face value of approximately \$9.0 million and PGS also holds approximately 6.5 million shares of common stock in Yellow River. During the course of the Receivership, the Receiver and the Joint Liquidators of PPVA periodically received inquiries regarding the sale of PGS's and PPVA's collective interests in the China Horizon notes and the Yellow River equity position. These inquiries, although diligently pursued, never resulted in a firm offer. The Receiver and the Receivership Team continue to actively monitor this asset, including engaging in conversations with Yellow River and other of its advisors, and continue to explore, along with the Joint Liquidators of PPVA, options for monetizing the asset, if possible. This asset may ultimately add value to the Receivership Estate, although it is still speculative and any amount that may be realized and the timing of such monetization is still in flux and indeterminate.

V. LIQUIDATED AND UNLIQUIDATED CLAIMS HELD BY THE ESTATE/INVESTIGATION OF TRANSACTIONS

The Receiver and the Receivership Team have analyzed other pre-Receivership activities, including transfers made by PPCO and PPLO to other entities and individuals, and the professional services provided by, among others, valuation agents, fund administrators, auditors and legal advisors, to determine if any additional causes of action exist that, on a cost-benefit basis, warrant the commencement of litigation. Where mutual releases are warranted, the Receiver has sought and obtained such releases. Additionally, during the Reporting Period, the Receiver continued to engage in conversations with certain of the insiders regarding the allowance or disallowance of their claims, which conversations did not result in a resolution of their claims (see below). Whether and the extent to which the Receiver may commence additional affirmative actions will likely be addressed as part of the proposed plan of distribution and likely reservation of rights.

VI. LIABILITIES OF THE RECEIVERSHIP ESTATE

Pursuant to Paragraph 47 of the Receiver Order, below please find a description of the Receivership Estate's potential liabilities. Certain liabilities described herein, particularly those pertaining to creditor claims, are uncertain, and will remain as such until the Receivership Team concludes the claims reconciliation process.

A. Creditors. The creditor-related information presented below is based on prior management's books and records, which are as of December 19, 2016, the date Platinum entered receivership. The Receivership Team has been testing the veracity of these numbers and the underlying liability as part of its claims analysis and plan preparation processes. The validity and amount of claims may differ materially from the values reported by prior management.

- PPCO lenders: PPCO owed approximately \$69.1 million in principal (not including interest) to certain lenders. As a result of the settlement in the Beechwood litigation and an expected resolution with PPVA, almost all of this debt has been, or will be, eliminated.
- PPCO unpaid redemptions: \$28.2 million in unpaid redemption requests were made by 21 PPCO investors.
- PPLO unpaid redemptions: \$6.5 million in unpaid redemption requests were made by 3 PPLO investors.
- PPCO and PPLO outstanding payables: PPCO and PPLO had \$2.7 million of outstanding payables attributable to 23 vendors.⁶

Additional claims were filed through the claims process, including claims of former employees of Platinum. In connection with the claims process, the Receiver is seeking to disallow or reduce many of these claims. The total amount of allowed claims will not be known until the claims reconciliation process has concluded. Certain of the claimants have asserted a priority status.

B. Accrued Administrative Expenses. As of December 31, 2021, accrued and unpaid administrative expenses amounted to approximately \$5.25 million. These administrative expenses primarily consist of accrued and unpaid professional fees. In addition to these unpaid administrative expenses, the Receivership Estate has budgeted approximately \$65,000 per month to pay the remaining in-house Platinum staff (the CFO and information technology consultant) and to cover other operating expenses, such as office rent. The Receiver anticipates additional

⁶ This amount reflects PPCO's books and records, but may be revised based upon the review of the filed pre-Receivership general unsecured claims.

reductions in expenses as it disposes of obsolete documents maintained with certain third-party vendors pursuant to the Obsolete Document Disposal Motion.

C. Disbursements to Preserve the Value of Certain Investments. No significant expenses were incurred by the Platinum Entities to maintain any of the remaining portfolio investments. No significant expenses, other than overhead expenses and the professional fees of the Receivership Team, are expected going forward.

D. Investors. The Receiver currently believes that there are 286 known investors in the Platinum Entities. Platinum's books and records reflect that unaffiliated investor claims total at least \$337.1 million, including claims for unpaid redemptions by unaffiliated investors totaling at least \$34.5 million, and that affiliated investor claims currently total at least \$19.7 million after taking into account amounts settled in the Beechwood litigation. After conferring with the SEC, at this time, to protect the privacy of such investors, the Receiver is not filing with this Status Report a list of the names of each investor and the amount of such investor's net cash investment. Pursuant to the approved claims reconciliation process, and as described further in the next section, certain investors have been notified of the total investments in and distributions from the Platinum entities as reflected in Platinum's books and records.

VII. CLAIMS ANALYSIS AND PLAN OF DISTRIBUTION

Pursuant to the previously-approved bar date procedures motion [Dkt. No. 453], the bar date to file a proof of claim asserting a claim arising before the Receivership was March 29, 2019 and the bar date for governmental units to file a proof of claim was April 12, 2019. In excess of 300 claims were filed. Parties holding investor claims, claims for unpaid redemptions and unpaid administrative claims were not required to file proofs of claim.

A. Review of Claims

In accordance with the Order approving the procedures to reconcile claims and verify interests, entered on December 1, 2020 (the “Claims Procedures and Verification Order”) [Dkt. No. 554], Platinum’s CFO and the Receivership Team engaged in an extensive review of each of the filed claims, analyzed the documents provided in support of each claim, compared the claims to Platinum’s books and researched legal issues when necessary. Following this review, on March 9, 2021, the Receiver filed a Notice of Receiver’s Claims Analysis Report (the “Claims Report”), which set forth her determinations with respect to each of the claims. [Dkt. No. 564] Certain claims were allowed as filed or pursuant to previously reached settlements, others disallowed in total, and others partially allowed. The Claims Report provides the basis for the disallowance or partial disallowance for each of the claims, as applicable.

Claimants had until April 23, 2021 (unless an extension was mutually agreed upon in writing) to object to the Receiver’s determinations in the Claims Report. Thirteen claimants, asserting multiple claims, objected to the Receiver’s determinations in the Claims Report. In prior reporting periods, continuing through the Reporting Period, the Receivership Team reached out to each of the claimants that objected to the claim determinations and engaged in discussions to reconcile the claims. Certain of these discussions resulted in consensual resolutions or the withdrawal of claims, including one resolution reached following a formal mediation.

With respect to certain claim objections for which no resolution was reached, in accordance with the procedures set forth in the Claims Procedures and Verification Order, on November 12, 2021, the Receiver filed an Omnibus Motion to Confirm Receiver’s Determinations [Dkt. Nos. 597] (the “Claims Motion”). On November 13, 2021, Applicants filed declarations in support of the Claims Motion [Dkt. Nos. 598-599]. An amended

memorandum of law in support of the Claims Motion was filed on November 23, 2021. [Dkt. Nos. 602-603]. Opposition to the Claims Motion was filed on December 13, 2021 [Dkt Nos. 609-614]; the Receiver filed her Reply in support of the Claims Motion on December 28, 2021 [Dkt. No. 617]; and Levy and his counsel filed a sur-reply on January 14, 2021 [Dkt. Nos. 619-620]. There are certain claims issues, such as the assertion of priority, which could significantly impact the distribution, if any, to be made to creditors and investors. Accordingly, the Receiver determined that it was important for certain claims issues to be resolved prior to presenting a plan of distribution to the court.

B. Review of Investor Interests

The Claims Report solely relates to general unsecured claims and secured claims. In accordance with the Claims Procedures and Verification Order, investors in PPCO, including unpaid redeemers, received a letter that contains information regarding that investor's equity interest in one or more Receivership Entities (the "PPCO Investor Statement"). The PPCO Investor Statement sets forth the amounts invested in one or more Receivership Entities and the amounts previously received as distributions on account of the investor's equity interest, all as reflected in the books and records of the Receivership Entities. Investors had an opportunity to review the information provided and to refute the information, but solely on the basis that the books and records of the Receivership Entities are inaccurate, which must be supported by documentation from the investor. During the Reporting Period, the Receivership Team continued to reconcile the responses received from the PPCO investors. Also during the Reporting Period, the Receivership Team coordinated with Cayman counsel regarding the process to reconcile the claims of the limited partners in Platinum Partners Liquid Opportunity

Master Fund L.P., and its feeder funds and sent letters to the PPLO investors to confirm their investment holdings.

C. Plan of Distribution

The amounts reflected in the Claims Report and the PPCO Investor Statement are not necessarily equal to or indicative of any recoveries a creditor or investor may receive from one or more Receivership Entities. As previously reported, the timing of distributions may be impacted by, among other things, the resolution of certain of the larger disputed claims (for which the establishment of reserves may be required if not resolved prior to the approval of a plan of distribution) and the assets available for distribution. The filing of the plan of distribution was put on hold as the Receiver sought to finalize the claims reconciliation process and priority of distribution asserted by certain creditors. The possible monetization of the Yellow River asset, including the timing and likelihood of any monetization, may also impact the Receiver's analysis of when to file a plan of distribution and/or make any distributions pursuant to a plan of distribution.

Although the filing of the plan of distribution has been temporarily put on hold, during the Reporting Period, the Receivership Team continued to review issues relevant to the plan of distribution, including an analysis of the potential distribution waterfall to creditors and investors of PPCO and PPLO. Ultimately, through a motion seeking approval of a plan of distribution, the Receiver will seek the Court's approval of, among other things, (i) the distribution methodology to apply in calculating the distribution to be made on account of each claim and equity interest and (ii) the treatment of claims and equity interests under the plan of distribution.

Investors and creditors will have the opportunity to object to the plan of distribution and any of its provisions, including the distribution methodology and treatment of claims and equity

interests. The Receiver cannot at this time state what distributions will ultimately be to creditors and investors.

VIII. RECOMMENDATIONS FOR CONTINUATION OR DISCONTINUATION OF RECEIVERSHIP

As during prior Reporting Periods, the Receiver believes that continuation of the receivership is in the best interests of the creditors of and investors in the Platinum Entities. For the reasons stated in the Receiver's previous Status Reports and in the Receiver's Response to Minute Order [Dkt. No. 516], the Receiver continues to believe that winding down the case, administering claims and seeking approval of a plan of distribution is in the best interest of creditors and investors.

A more detailed explanation and reasoning for why the Receiver believes that, at this time, the interests of all stakeholders would be best served by continuing to administer the Receivership outside of bankruptcy is set forth in the Receiver's Response to Minute Order. On January 22, 2020, the Court issued an Order on the docket finding that compelling the Receiver to file a bankruptcy petition at that point would not be in the best interest of all parties. The Receiver believes the Court's finding is particularly applicable at this time as the Receiver reaching the end of the claims reconciliation process.

IX. CONCLUSION

The Receiver continues to monitor the few remaining assets, including the shared assets with PPVA. The Receivership currently is primarily focused on finalizing the claims reconciliation process and then proceeding to file a plan of distribution.
